## SOFT NIGHT EQUINE BEDDING

- Creates a hygienic, virtually dust free, natural environment for your animals
- Free Draining
- Odourless and 100% natural
- "Stay-dry" top layer - the chip bedding allows liquids to run through and be absorbed at the bottom of the bed, whilst allowing the top parts to dry off and remain warm for the horse
- More cost-effective and economical than alternative products
- Easier to muck out than straw | Easy maintenance

## WOOD CHIP SURFACE PRODUCTS

*For Gallops, Arenas, Lunging Rings, Pads, Gate Ways & Walk Ways*

- Various sizes of Woodchip made to order to suit your needs
- Free Draining
- All Weather
- Different sizes from 40mm down to Sawdust
- Woodchip is derived from Kiln dried timbers so will last longer than forestry Chip
- Also Suitable for Cattle, Cows, Calves, Poultry, Sheep & Pets
